

DYNAMIC WEB MAGIC WITH NEXT.JS

Transforming Concepts into Seamless User Experiences

Hi! I'm Adrian, a Next.js Developer based in Croatia.

[See my work ↗](#)

I prioritize client collaboration, fostering open communication

I'm very flexible with time zone communications

My tech stack

Tech enthusiast with a passion for development.

THE INSIDE SCOOP

Currently building a JS Animation library

```
1 // Importing a single module
2 import moduleName from 'modulePath';
3
4 // Importing multiple modules
5 import { module1, module2 } from 'modulePath';
6
7 // Importing an entire module as
```

Do you want to start a project together?

My work experience

Frontend Engineer Intern

Assisted in the development of a web-based platform using React.js, enhancing interactivity.

Mobile App Dev - JSM Tech

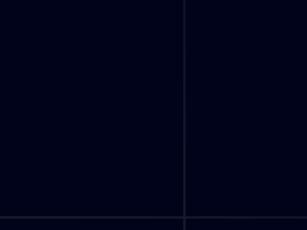

Designed and developed mobile app for both iOS & Android platforms using React Native.

Freelance App Dev Project

Led the dev of a mobile app for a client, from initial concept to deployment on app stores.

Lead Frontend Developer

Developed and maintained user-facing features using modern frontend technologies.

Phase 1

Phase 2

Phase 3

Development & Progress Update

Once we agree on the plan, I cue my lofi playlist and dive into coding. From initial sketches to polished code, I keep you updated every step of the way.

Ready to take your digital presence to the next level?

Reach out to me today and let's discuss how I can help you achieve your goals.
